

Poly

Business phones, video conferencing, and headsets.

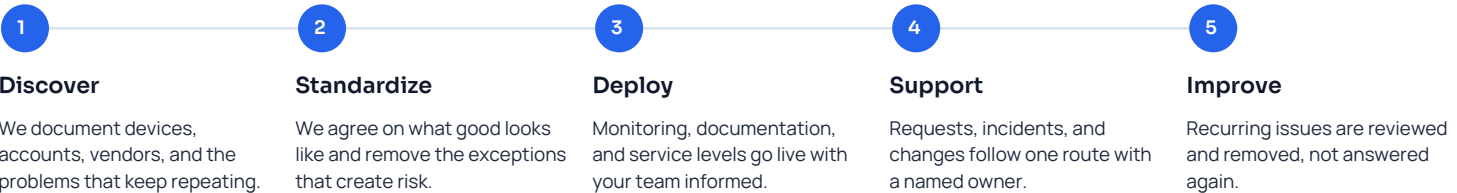

Service illustration • Managed IT

Poly, now part of HP, makes desk phones, headsets, and video conferencing devices for offices and hybrid teams. Massive IT selects, deploys, and supports Poly devices integrated with platforms like Microsoft Teams and 3CX.

A clear path to delivery

Product areas & practical applications

Product area	Practical application
Poly desk phones	business IP phones for offices and front desks
Poly video bars and room systems	conference room video for Teams and other platforms
Poly headsets	wired and wireless headsets for office and remote staff
Device management	centralized provisioning and updates

When to talk to us

- Meeting rooms with poor audio and video
- Mixed, unmanaged phones and headsets
- Hybrid meetings where remote attendees can't hear

Deployment & ongoing support

Massive IT designs meeting room setups, provisions phones and devices, integrates them with the customer's calling and meeting platform, and supports them over time.

Scope and licensing vary by environment. Product availability and support terms are confirmed during planning.
